Imagine Learning Traverse® Technical Requirements

Welcome to Traverse

To use Traverse successfully, network bandwidth and device hardware must meet the minimum system requirements.

Minimum System Requirements

Supported Operating Systems

- Traverse is web-based and accessible on any device.

Browsers

Chrome
Firefox®
Safari®
Microsoft® Edge

District Network Bandwidth

- Minimum: 3.5 Mbps network bandwidth per student
- Recommended: modern browser versions

Network and Security Requirements

In order for teachers and students to fully experience Traverse, please ensure network configurations permit Allowed URLs through the district firewall.
